# LE NOTIZIE DI TREVOR

*Only one sleep to go! The solstice preparations have stepped up a gear over the past fortnight and, as we put the finishing touches together, we get ready to celebrate the biggest BSPS event of the year!*

Uniquely BSPS, the Winter Solstice Festival gives us a chance to open up our school to the wider community. This year we have also invited prospective families who have enrolled or are considering enrolling for 2020 to get a real sense of our school community and to mix and mingle with current families. This year promises to be bigger and better than last year; glow in the dark Futsal, magic show, lantern parade, paper marbling and 'Sideshow Alley' – a series of fun events organised by our very own Year 5/6 students. Once again, the food and drinks will warm us up on what is set to be a perfect Melbourne winter night!

Festivities aside, the Solstice is our biggest fundraiser and the money raised helps to provide us with additional resources that improve the school for all our students. Some of the projects we have delivered over the past year with fundraising money have included the new basketball ring, two new shade sails over the junior playground and the fantastic new seated area along the west wall of the main building.

## COMPASS

Did you know that we have 484 parents and carers out of a possible 619 who have registered, downloaded and are using Compass? Take into account that most of our families have at least one parent or carer who has registered. This is a fantastic response in such a short period of time as we move towards using the online platform for more functions and build our confidence with it! For the staff it's being used for attendance each day, but also to write reports, record student achievement data, analyse historical student data and to communicate with other staff in the school.

We'd love to get the remaining 135 parents connected and online, so that next week we can distribute end of semester reports using Compass. If you haven't found the time to set up your account please do so – and don't forget the office can help if you need it!

## ROOF WORKS

The privilege of learning in such a wonderfully historic space always brings about plenty of challenges in the maintenance and upkeep of these

buildings. The majority of the external roof works have now been completed and our new gutters and downpipes have all been installed. Part of the roof on the main building and the junior building has been replaced and many broken tiles have also been removed and replaced.

The internal works have also progressed, with water damaged timber panelling removed, rotted windows replaced and carpets and underlays ripped up. Over the next couple of weeks the internal walls and ceilings will be repaired and repainted and new carpet installed to the areas damaged by leaks. We are hopeful that by the start of next term all works will be completed, scaffolding will be gone and life will return to normal again at BSPS. Thank you to all our staff, students and families who have been flexible, understanding and supportive while this work has occurred.

## SIBLING ENROLMENTS

These now due for 2020! We are still getting great interest from our school tours and there is an increased interest in our school, particularly from many families who are not from the Brunswick area. For those who have younger siblings starting school next year please contact the office to complete an enrolment form at your earliest convenience.

## STUDENT LED CONFERENCES

Tuesday 23 July is booked in for our next round of Student Led Conferences. These sessions are a chance for your child to reflect on achievements from the first half of the year and share their learning goals for the term. Acting on feedback received from Term 1, each child will now have an allocation of 15 minutes. To accommodate this, School Council approved a modified timetable for the day.

- ◆ 9.00am-12.00pm – Classes as normal
- ◆ 12.00pm – Students dismissed
- ◆ 12.45-7.00pm – Student Led Conferences

TeamKids will operate on the day to provide care for students and parents can book a spot online. You'll also find the booking form attached in this newsletter.

## STAFFING UPDATE

For the last few weeks of term we've had some staff take leave and make the annual journey to Italy. Alice and Chiara have taken some leave to visit family back home and Marg has trekked over to Barollo to celebrate a friend's birthday. In her absence, Sarah Burdak has stepped into the Acting Assistant Principal role and has supported myself and the leadership team in the lead up to the end of term.

***See you at the Solstice,  
Trevor.***

# SCHOOL COUNCIL

## SCHOOL COUNCIL PRESIDENT'S REPORT

The School Council met on Tuesday 11 June and discussed the following:

### 2019 Annual Report

2018 Annual Report was presented. Some of the key achievements of the School Council last year included -

- ◆ the successful change to the Team Kids as the provider of our OHSC program;
- ◆ excellent educational results for our kids;
- ◆ an improved financial position;
- ◆ the further development of a masterplan for the school; and
- ◆ the establishment of a bilingual subcommittee to maintain a focus on this key strength of the school.

This document will be uploaded on the school website.

### Strategic Directions

The School Council has also commenced strategic discussions on the future direction for the school. This is a conversation where input and involvement from the school community will be sought during the second half of the year. Some of the key priorities we will focus on include –

- ◆ Building on community partnerships and relationships
- ◆ Infrastructure and grounds space requirements and priorities
- ◆ Confirming and communicating fundraising priorities and how funds are applied
- ◆ Financial Governance
- ◆ Strengthening and extension of the Italian bilingual program

Having Trevor in the substantive principal role from the start of next term will provide a great basis to progress long term planning with confidence.

Our school's vision (For all students to live meaningful and rewarding lives: valuing and being valued as members of diverse communities) and Values (Constant Learning, Mutual Responsibility, Compassion and Sense of Possibility) will be used to focus these conversations. We look forward to your participation and input to ensure you can assist in guiding the direction.

As part of the work above, the Bilingual Committee has been active in looking at opportunities to strengthen our existing program and to investigate opportunities for bilingual pathways beyond Year 6. Next term we will undertake a school community survey to identify the key priorities and community attitudes towards the bilingual program.

We believe our students gain significant benefits through learning in an Italian bilingual environment, including language skills, cultural awareness and empathy. The Education Department is currently undertaking a formal review of bilingual programs across the state and BSPS will participate. Based on recent conversations with representatives at the Department, the BSPS program is rated highly and we expect this to be validated through the review.

### Arborist Report

Further to Trevor's update, an arborist has attended school and recommended some works be undertaken to several trees including the large sugar gum on the northern boundary. The recommendation is to prune and manage the tree rather than removing it fully. These works are currently being scheduled and will be undertaken as soon as possible.

I hope everyone enjoys the Winter Solstice and can make it through to a well-deserved break. We look forward to coming back in term 3 with Trevor at the helm.

If you are keen to be involved in a sub-committee or have any other queries, please get in touch with School Council via [brunswick.south.ps@edumail.vic.gov.au](mailto:brunswick.south.ps@edumail.vic.gov.au) or my email address directly via [henry.james.r@edumail.vic.gov.au](mailto:henry.james.r@edumail.vic.gov.au)

The next School Council meeting will be held on Tuesday 30 July.

*Kind regards*

**James Henry**  
**School Council President**

- ◆ **Bilingual** John Hajek
- ◆ **OSHC** Petra Stock

# FOUNDATION

It has been an incredible few weeks in **Foundation!** On the 27th of May, we delved deeper into our First Peoples Culture and the history of Australia.

During our Morning Meetings, students and teachers shared their knowledge, questions, and ideas about what reconciliation means. By the end of the week, students defined reconciliation week as:

“a time to fix broken friendships” – Xavier

and that while this week was labelled “reconciliation week”

“we don’t stop learning and [trying to mend the relationship with our first people], just because the week is over.” – April

During our Literacy sessions, students read Dreamtime Stories and made connections between the stories and their own lives. For example, students shared traditions in their family, which were extremely important to them.

Every Easter my mum cracks my Easter Egg, and we all eat it together – Amy

Every year my family and I go to Malaysia for Eid al-Fitr – Arlo.

What a fantastic few weeks and lead up to the end of the term. Well done Foundation! Your empathy, compassion, respect, and eagerness to make a difference and learn excites us every day!

## *We’re going to the Zoo Zoo Zoo. How about you you you?*

On Wednesday 19 June Foundation students went to the Royal Melbourne Zoo

# YEARS 1/2

## Scienze

This term in Year 1/2 we put our lab coats on and have been having so much fun conducting experiments as part of our unit of work on Stimulating Science. The experiments involved everyday materials and helped us understand about chemical reactions. We learnt about change by:

- ♦ observing how yeast reacts with water causing dough to grow
- ♦ making eggs bounce with the help of vinegar
- ♦ pouring water on Skittles and seeing a rainbow-pattern form on the plate

We love Scienze...These experiments are so easy to do that they can be attempted at home!

## Scrittura

This term in Scrittura, students went on a journey from 'il Polo Nord' to 'Sud America' to find 'animali del mondo' learning about their features and habitats through comparing and contrasting! Students learnt interesting facts about 'il tucano', 'il panda', 'il leone' and 'l'orso polare'.

Year 1 & 2 are creating change in their world by collecting type 2 and type 4 plastic lids.

A small team have been spreading the word with persuasive posters and distributing collection boxes to all the learning areas in the school, explaining the process and the purpose to the senior and foundation students.

Their presentation was fantastic, inspiring others to get busy collecting lids and answering many questions from their fellow students. For those of you who have not heard, the bottle tops are being collected to support Envision Hands, who are extruding filament from the plastic lids and using 3D printers to create prosthetic limbs for children overseas.

Jenna Lo Bianco

## UNDERSTANDING THE ITALIAN BILINGUAL PROGRAM EMBRACED BY BRUNSWICK SOUTH PRIMARY SCHOOL

*Brunswick South Primary School, Victoria's first Italian bilingual school, is a fascinating example of the positive power of Italian language education. I spoke with teachers Ivana D'Aprano, Lucy Curatolo and Nancy Cozzo to better understand the reality, challenges and joys of facilitating an Italian bilingual program.*

**Bilingual education is quite a complex concept to frame in the mind. How does your typical bilingual classroom operate? What would one expect to see, hear and experience?**

"At BSPS we team teach, this means that we share the learning and wellbeing of 50 students between one Italian and one English colleague and this happens across our school and at each level. Students are taught curriculum through the two languages: 50% of every student's learning is taught in English and the other 50% taught in Italian. For example, students learn Reading, Writing, Speaking and Listening, Number, History, Civics, STEM and Physical Education in English. In Italian, they learn Lettura, Scrittura, Comunicazione Verbale, Misura e Geometria, Statistica e Probabilità, Scienze, Arte and Teatro. We integrate our learning to promote deeper thinking skills; this allows students to make connections between all the learning areas. At BSPS we have nine bilingual Italian classroom teachers and two language assistants. COASIT also supports our school by providing a language assistant from Italy for eight months. We do not teach Italian, just as we do not teach English, but we use those languages to deliver learning. Just as in English, when we learn about how to make our story writing more interesting by exploring the use of nouns, verbs and adjectives we do the same in Italian."

**What are the advantages, from your personal experiences, of bilingual education for young learners?**

"Research suggests that there are many benefits and advantages to children being immersed in bilingual education.

Firstly, students who experience a bilingual education have better working memory and cognitive skills. Language structures and grammatical skills are reinforced as students make connections between their mother tongue and their second language. In addition, these students become biliterate. For languages with similar alphabets, research says that it can actually be beneficial learning to read and write in two languages simultaneously. There are many reading skills that transfer between languages and it can actually make kids stronger readers in both languages.

Furthermore, young learners who are educated in a bilingual setting are better problem solvers. They are able to think 'out of the box' when approaching challenging tasks and activities. They become more efficient at multitasking and making decisions.

Finally, students who have a bilingual education inevitably become bicultural. These learners become immersed in not only the language, but also the culture, traditions, history, music and cuisine of the second language. Fundamentally, these students become more aware of the diversity of other cultures."

**What expectations do you, as teachers and educators, have of your young learners in the bilingual classroom?**

"Italian has an alphabet that is recognisable to young learners and the sounds are very similar to English. Reading texts is an area where our learners have great success because of Italian's phonetic nature. Italian is also a very melodic and 'catchy' language. Given this, using music, chants, songs, and rhyme in class facilitate the learning of our bilingual learners.

Learning Italian at BSPS is a lovely cultural nod to the history of immigration of our local area. Our students can go out and buy a gelato, a cappuccino or to dinner and use the language with their families and friends."

**What is it about Italy and its language and culture that are so appealing in a bilingual context?**

"Italian has an alphabet that is recognisable to young learners and the sounds are very similar to English. Reading texts is an area where our learners have great success because of Italian's phonetic nature. Italian is also a very melodic and 'catchy' language. Given this, using music, chants, songs, and rhyme in class facilitate the learning of our bilingual learners.

Learning Italian at BSPS is a lovely cultural nod to the history of immigration of our local area. Our students can go out and buy a gelato un cappuccino or to dinner and use the language with their families and friends."

**I assume that you have taught in other non-bilingual contexts before your time at BSPS. I'm curious to know if your planning and preparation for this classroom context is all that different from that of a 'mainstream' classroom?**

"We are all very privileged to be working in the first Victorian Italian Bilingual Primary School. Planning and preparing for a bilingual classroom is completely different to a mainstream classroom. In addition to translating, adapting and creating resources we plan and deliver a comprehensive curriculum that engages our students in meaningful and experiential learning. It is very important to stress, unlike other language programs, we don't use the Languages curriculum from Victorian Curriculum. Our rigorous planning, teaching and assessment are informed by the Standards in English, Numeracy, Science, Visual Arts and Drama. At Brunswick South Primary School, we believe that all students have the potential to achieve excellence in this unique educational setting."

**What challenges does the bilingual classroom face?**

"Our biggest challenge is resourcing. Replacing Italian teachers when they are on leave with proficient Italian speakers has been difficult, not impossible, but it does test us. The other point of challenge is resourcing in terms of books and games and everything else that students need to support their learning. We are constantly creating 'bespoke' resources that fit our needs. Obtaining these items from Italy does not always work, as the context is different. Our students are not (usually) Italian, they do not come to us with a foundation in the language and they do not go home to be immersed in the language. This means that at school we have to immerse students in as much language as possible. This builds a framework for students to learn more complex issues in Italian. We are constantly adapting or creating our own resources. We would love to have native speakers read and record our books so that our students could then have take-home readers and read along with them."

**Tell us about last year's Italy study tour with operator Vita Italian Tour.**

"Our inaugural BSPS Italy Tour was an outstanding success. Mario, Viny and Gianni from Vita Italian Tours helped us plan a memorable trip. We travelled to Italy in late September for fourteen days with thirteen students, two parents and four teachers. Some of the highlights were learning how to fight like a gladiator, eating gelato, looking up and just being amazed at the statue of David, making pasta and then eating it all together, sampling all the Baci chocolates available and decorating a mask. Plans are underway for our next visit in 2020!"

**Does BSPS have any upcoming future plans, events, and activities that draw directly on the bilingual nature of the school?**

"At BSPS everything we do is related to our commitment to being bilingual. Each student receives instruction and learning in subjects that students in other schools don't experience. All our stakeholders including our teachers, both English and Italian, our principal and leadership team, school council, our school community and our partnership with Melbourne University are committed to the delivery of an inclusive and diverse bilingual education for every child.

On June 2nd, La Festa della Repubblica will be hosted in our school grounds. In October, all of our students will be participating in our annual Bilingual School Production, which is performed solely in Italian."

**Thank you Ivana, Lucy and Nancy. Your work, and the work of your colleagues and the entire Brunswick South Primary School community, is very important in continuing to highlight the importance of the Italian language and culture in Victoria.**

# SEGMENTO

*Viny Vitellone, one of the Directors of Vita Italian Tours, also shared some insights into the wonderful tour enjoyed by the students and teachers of Brunswick South Primary School.*

*"The group visited some of the major cities such as Rome, Florence, Venice and Pesaro in Le Marche Region. They visited and were guided through such icons as the Colosseum, Roman Forum, Ostia Antica, The Accademia and Uffizi Gallery, The Leaning Tower of Pisa, St Mark's Square, the Bridge of Sighs, and Urbino, to name a few.*

*Students and teachers were taken by Mario and myself on excursions to visit many wonderful historic towns and attend interesting workshops during the tour. One such highlight was a tour in Rome of the Gladiator School. Students were involved in an activity to learn some combat skills of the ancient Gladiators. In Venice they witnessed a demonstration of Murano glass making from a Master and had a demonstration of genuine mask-making, as well as decorating their own masks to take home."*

# BSPS NOTICES

## ATTENTION!

We are asking the BSPS community to help us create change for humanity and the environment by collecting bottle tops to create artificial limbs for people in need.

The Year 1 & 2 students have been thinking about problem solving, not just in the classroom, but in our world.

We are launching the Children Helping Children program via Envision Hands, and will be setting up collection boxes at the front office, in the 1/2 classrooms, and soon throughout the school.

The types of plastic lids we are collecting are HDPE LDPE & PLA. A short YouTube clip about the process can be found here: [https://www.youtube.com/watch?time\\_continue=6&v=E\\_-KxuDRXOg](https://www.youtube.com/watch?time_continue=6&v=E_-KxuDRXOg)

We know we will be successful when members of our community join us to make a change to our world.

## COMPASS

Toward the end of last term we sent home information about logging in and creating your Compass accounts.

We have had a very positive take up from parents who have logged in and started using the portal to record absences.

If you haven't already, please take a few moments to read the information that was sent home and set up your account.

at this web address

<https://brunswicksouthps-vic.compass.education/>

If you have any questions about creating your Compass account please contact Mary at the office.

## Recycling bottle tops it's so simple, drop in the top

## and don't forget to place the empty bottles in your normal recycle bin

This simple separation makes both items easier to recycle and stops them going to waste.

[www.growwithjoe.org](http://www.growwithjoe.org)

## BALL GAMES

All families are reminded that ball games are not allowed on the junior turf area before and after school. This is because of the large number of students, parents and family members in that area during busy times. Please remind your child to move their ball games to the oval during these times.

## FAMILY ACCOUNTS

Just a friendly reminder, 2019 Essential Education Items/Activities School Fees were due and payable at the start of the school year. If your fees are still outstanding please see below on how to make a payment.

### How to make a payment

#### At the office

- Eftpos
- Cash
- Cheque

#### By Mail

- Fill out above credit card details
  - Cheque
- Send to;

# COMMUNITY NOTICES

## Italian Language Kindergarten

### 3 Year-Old Program

- Introductory Italian
- Language and Culture interwoven in play-based learning
- 4 hours weekly
- Suitable for children with little or no exposure to Italian

### 4 Year-Old Program

- Bilingual Preschool Program
- Language and Culture interwoven into play-based curriculum
- 15 hours weekly
- Taught by Native Italian Speaker

We are one of ten bilingual kindergartens in the Victorian State Government's Early Childhood Languages Program. This means we get additional funding and support to deliver our unique bilingual program.

If you would like to know more about Italian Kindergarten, please email [nwbrunswick@try.org.au](mailto:nwbrunswick@try.org.au) or call 03 9386 5676. You can also contact Moreland Central Enrolments directly for 4-year-old enrolments.

North West Brunswick Kindergarten  
34 Rose Street, Brunswick, Victoria, 3056, Australia

Two Tall Chefs will donate to the school 5% of all cheese purchases made by parents and friends of Brunswick South Primary School. Simply collect any receipts and provide them to the office and the school will arrange to collect the funds. Encourage anyone you know to visit their store, buy cheese and keep their receipts!

Owned and operated by former Michelin star restaurant chef, Monte Hudson, Two Tall Chefs eating house and cheese shop is located in Carlton North's Nicholson Street Village at 665 Nicholson Street. Their range of cheese includes local artisan cheeses and cheese from afar.

They also offer breakfast, lunch and daily specials five days per week (except Sunday and Monday), from 9.00am to 4.00pm. Fully licensed, they have a great selection of wine, local beers and ciders and their backyard dining area is open on Saturday from 10.00am to 5.00pm. Three nights per week (Thursday, Friday and Saturday), they offer a two or three course dinner menu, sourced from local produce and changing weekly.

For more information, go to <http://www.twotallchefs.com.au>

## SCHOOL HOLIDAY MINDFULNESS WORKSHOPS

### TWO DATES ONLY

- Tuesday 9th July
- Thursday 11th July

Two and a half hour workshops packed full of fun, movement, discovery, creativity and skills for life.  
Taught by local teacher Hayley.

## Supported Playgroup Program

- Do you have a child aged 0 - 4 years?
- Are you looking for ways to improve your child's learning and development?
- Are you finding parenting challenging or looking for some extra support?

### Try a supported playgroup!

- o Enjoy a friendly, warm and welcoming environment.
- o Learn and play with your child in fun and engaging activities.
- o Meet other local families with young children.
- o Share parenting experiences.
- o Learn about Kindergarten, Child Care and other community services and events.
- o Our groups are led by experienced, trained facilitators.

### Supported Playgroups are FREE to attend!

- To attend, families must -
- Hold a Health Care Card (from Centrelink) or equivalent visa OR
  - Identify as Aboriginal and/or Torres Strait Islander OR
  - Be referred from Child FIRST, Child Protection or Enhanced Maternal Child Health

Where	When	Time
Moreland Primary School - 157 - 163 Moreland Road, Coburg	Monday	9.30 - 11.30 am

8 Monday	9 Tuesday	10 Wednesday	11 Thursday	12 Friday
<b>CHEMICAL CHAOS &amp; LOLLIPUTTI MONSTERS</b>	<b>TOY STORY 4 &amp; DIY SCARF</b>	<b>STARS OF THE SEA &amp; ROLLING ROBOTS</b>	<b>EPIC SPORTS CARNIVAL</b>	<b>AVENGERS GAME DAY</b>
Step into the TeamKids Laboratory as we explore all things science. We'll cause some Chemical Chaos & have heaps of fun. Plus, you'll get your very own Lollipop Monster to take home!	Today we're off to the movies to see this winter's blockbuster, Toy Story 4. Afterward, we'll beat the cold as we make our very own scarves! *Popcorn & water provided *Allergy Alert.	Discover amazing marine life as you touch and hold a sea star or urchin when the Aquarium comes to us. The fun continues as we make Rolling Robots! Pull the string and watch them race across the floor.	Today we'll be shaking off the winter cold at Albert Park Indoor Sports Centre. This Round-robin will see teams taking part in a variety of sports including karate, Earth-ball, soccer & more!	Do you love superheroes? Then you'll love the TeamKids Avengers Game Day! Today we'll explore what it takes to be a superhero with some challenging games & fun-filled adventures.
