# LE NOTIZIE DI TREVOR

**Missed learning...  
Catching up... Fallen behind...  
Lost time... Gaps...**

**These are some of the terms we have used to describe our kids and their learning in the last eighteen months. I've used them myself and I probably will again – we've even got a goal in our 2021 Annual Implementation Plan called 'Learning Catch Up & Extension'.**

There is nothing wrong with these terms. They accurately depict the challenges our kids have faced and the reality of learning during a global pandemic. They do, however, imply a deficit, reflect something that's lost and send a message that our kids are behind.

Our kids are exactly where they are meant to be.

There has been no aspect of our lives that has not felt the impact of COVID-19. There is a social, emotional, physical and a financial toll for all of us – including the kids.

To say the kids 'should' be at a certain stage with their learning implies the ability to be unaffected by what has happened. As we watch them trying to remain engaged learning remotely, engaging with their friends behind a screen and unable to benefit from the social aspects of learning at school, I don't think any of us could expect them to come out completely unscathed.

I'd urge you to take a moment to stop and think next time you think to use one of the terms above. I know I am trying really hard to reframe my thinking in an appreciative way that recognises the successes and strength shown by our learners - all of whom have been more resilient than we possibly imagined.

## SCHOOL REVIEW

Every four years schools are involved in a School Review Process. This is conducted with the support of an independent reviewer, the Department of Education and Training and some 'challenge partners' who may be leaders from other schools. The focus of the review is to evaluate the achievements towards the four-year strategic plan and measure the extent to which the goals and targets have been met. The review helps to set the direction for a new strategic plan the next stages of our improvement journey.

Our review will be conducted in Term 1 next year, with a self-evaluation beginning next term. We will use data and evidence to measure our progress against our goals and targets and focus groups with staff, students and families will help us to identify our strengths and next steps.

I'm really looking forward to this period for our school. Having been part of this process in 2017 and to be able to share and reflect on our success is such a reward. Collectively being able to identify the next steps and build on our success will take BPS from great to outstanding!

## 2022 PLANNING

Our 2022 planning continues and this week we have begun to look at our learning area structure for next year. With some larger cohorts and growth coming through our school there is a need to rethink elements of our structure next year as the 1/2 area will have over 100 students! We are looking at some different options and identifying what will work with our numbers, but most importantly which structure will provide our kids with the right environment and support. For those who have yet to confirm sibling enrolments they are now overdue, so give the office a call to complete the process. We will continue to work through our 2022 planning in Term 4.

## GRAZIE!

I know Term 3 has ended up a little different than what we possibly imagined. With one week left before the holiday break I want to take a moment to acknowledge and thank everyone in our community for your tireless work through another round of Remote Learning.

Parents and carers, you have again put lives and livelihoods on hold to support the learning of your kids. BPS staff, you have again turned your living rooms into classrooms and replicated the 'in-person passion' from behind a screen. And our kids, you have again shown us your true resilience and a capacity far beyond what we give you credit for.

I am very much looking forward to seeing you all face to face at some stage in Term 4!

**Stay safe and stay well,**

**Trevor.**

## Mental Health & Wellbeing Support

We know that for many of our school community, the current restrictions will cause some angst. None of us are alone in this and some professional supports might be helpful moving forward.

**Head to Health:** <https://www.headtohealth.gov.au/>

Head to Health can help you find digital mental health services from some of Australia's most trusted mental health organisations.

Provided by the Australian Department of Health, Head to Health brings together apps, online programs, online forums, and phone services, as well as a range of digital information resources.

Whether you are trying to improve your own sense of wellbeing, looking for help with something that is bothering you, or helping someone you care about—Head to Health is a good place to start.

**Royal Children's Hospital Melbourne** Facebook Live Supporting children's mental health during the pandemic and beyond: <https://www.youtube.com/watch?v=y1DizMUOeng>

This recorded session is facilitated by Dr Anthea Rhodes and an expert panel of mental health practitioners with lots of practical advice to support you and your family.

# SCHOOL COUNCIL

The school council met via Zoom on 7 September 2021 in another halting, remote, event-cancelling and generally difficult year for us all. It has been frustrating for school council with tree planting days, Saturnalia and other events thwarted by our situation. We hope all in the school community are well and despite the current sameness of most family lives, we can look beyond the upcoming "holidays" and return to on-site learning for at least a portion of Term 4.

At this meeting we discussed the following:

**School Review** – Trevor spoke to the upcoming review conducted every four years. We will be obtaining feedback from parents and students through Term 4 as part of a self-evaluation process. This feedback will inform an independent review in Term 1 next year.

**NAPLAN results** – Trevor provided a summary of the outcomes for our current year 3 and 5 cohorts from May this year. Across the board our results were really impressive, particularly the educational growth metrics. This information will be communicated to the school community in more detail over coming weeks.

**Solstice** - Although the Saturnalia event have been cancelled properly now, in retrospect, it was a prudent move to make this decision when we did. We would like to thank everyone involved in the event planning. In particular, Annie Ronzan from School Council has invested significant time and heartache into the preparations. Fortunately she has been able to convince the majority of the contractors and contributors to hold their fees and to come back in 2022.

**Building Maintenance report** – A report was tabled with Council following the audit of the school grounds. This report will form the basis of a 5 year maintenance plan. The report identified a range of priority items for renewal including parts of our Heritage buildings and external surfaces. Department funding will be available for part of any rectification costs.

**Ventilation requirements for schools** – the Premier has flagged improving ventilation to classrooms as an important measure to enable the safe return of kids to schools. The School Council discussed is matter and agreed advice should be taken from the Department on the most efficient interventions. Heritage windows have recently been upgraded to enable easy opening in a number of locations.

**Bilingual program** – School Council continue to engage with local secondary schools to develop a pathway for our Italian Bilingual program. We would encourage Grade 6 kids who will be leaving us next term to nominate Italian as their preferred language. If there is a critical mass of BSPS kids coming through and requesting further learning in Italian, it will require schools to develop an appropriate program or stream for our kid's needs.

Again it has been hard this year to be really active within the school and we are conscious of the additional pressures associated with our current situation. Looking forward to next term and 2022, if you are keen to be involved in a sub-committee (Building and Grounds, Finance, Fundraising, Policy or our Bilingual Program) or have any other queries, please get in touch with School Council via [brunswick.south.ps@education.vic.gov.au](mailto:brunswick.south.ps@education.vic.gov.au) or my email address directly via [james.henry@education.vic.gov.au](mailto:james.henry@education.vic.gov.au)

As always, stay safe and stay connected.

**Best Wishes**

**James Henry**

**School Council President**

## BSPS SCHOOL COUNCIL

- ◆ **President** James Henry
- ◆ **Vice President** Madeleine Aikenhead
- ◆ **Treasurer** Dan Ziffer
- ◆ **Parent Members** Vicky Wilson, Romina Beltrame
- ◆ **Community Members** John Hajek, Madeleine Aikenhead
- ◆ **DET** Trevor Strolla, Marg Weymouth, Sarah Pavlidis

## SUB COMMITTEES

- ◆ **Building and Grounds** James Henry
- ◆ **Policies** Marg Weymouth
- ◆ **Community and Fundraising** Annalise Ronzan
- ◆ **Bilingual** Romina Baltrame
- ◆ **OSHC** Vicky Wilson

# BODY SAFETY

In term 4 we have engaged Body Safety Australia to facilitate and deliver a program for the whole school. The cost of the program has been significantly subsidised through the Respectful Relationship school budget. Details of the cost to families will be sent out next week, along with information about the parent workshops which will be delivered virtually.

## **Body Safety Superstars Foundation – YR 1/2** **This program runs over 2 sessions**

Body Safety Superstars program is designed to empower and educate children to understand and communicate their right to bodily autonomy. Every class is delivered by engaging the children with games, stories, activities and guided discussions.

## **Unique You Sexuality Education Years 3/4** **This program runs over 4 sessions**

<b>Emotions:</b> identifying and articulating emotions including our 'early warning signs' and our fear responses.	<b>Families:</b> what is the role of a family, who are our safe adults, how do we communicate our needs?	<b>Bodies:</b> naming genitals, bodily autonomy, private, personal and public body parts.
<b>Babies:</b> conception, foetal development and birth including the many ways babies and children can be welcomed into families.	<b>Communication:</b> communicating assertively and respecting verbal and non-verbal boundary setting.	<b>(5 &amp; 6) Online relationships:</b> who are our friends? What is respectful?

## **Naked Truths Years 5/6** This program runs over 5 sessions

- ◆ Respectful relationships in social media
- ◆ Healthy boundaries in exploring and expressing sexuality online
- ◆ Challenging misinformation about sex and relationships
- ◆ The role of age and gender in online power imbalances
- ◆ The law: children's rights and responsibilities

## **onPsych is now available at our school!**

Do you find that your child is having emotional or behavioural issues? Are they struggling socially, academically? Brunswick South Primary School now has a registered mental health care social worker to support your child via Telehealth.

Raquel Ugarte is a registered mental health care social worker who specialises in child and adolescent mental health. Her services are provided at the school at **NO COST** through Medicare bulk billing or NDIS. She will work collaboratively with you, your child, and the teachers to maximise opportunities for positive growth.

If you believe that this might benefit you or your child, please contact the school office to request a Parent Pack for further information.

## **Looking after your mental health during COVID-19**

The COVID-19 pandemic has greatly changed the way we live. To help keep us safe, it is likely that our lives will be different for a while.

When we aren't able to see our friends and family regularly, it can be harder to keep on top of how we're feeling.

Being aware of how you're feeling and knowing what you can do to look after your mental wellbeing is an important part of staying healthy during this challenging time.

If you need help right now, it is available 24 hours a day, 7 days a week, anywhere in Australia through Lifeline on **13 11 14**.

In an emergency, call 000.

# WELLBEING

# WEAR IT PURPLE DAY

FANTASTICO...MAGNIFICO... ECCELLENTE!

Our resilient, spectacular, amazing Foundation students are officially authors!

This term the Foundation students have been sharpening their pencils, and using their creativity to think, draw, write and edit incredible imaginative texts.

Have a look at some of their masterpieces.

# FOUNDATION

# YEARS 1/2

## Indigenous Literacy Day

For Indigenous Literacy Day we read *Too Many Cheeky Dogs* by Johanna Bell and illustrated by Dion Beasley. We learnt about the illustrator and made text to self connections.

We have been having lots of fun in numeracy. Look at how we have been collecting and representing data in a variety of ways.

Last month the Year 1/2 students at Brunswick South put their journalist hats on to ask Spencer Turrin, Olympic Gold Medallist and member of the 'Oarsome Foursome', some hard hitting questions. Spencer was really impressed with the interview skills and enthusiasm of the 1/2 students. Some of the questions students asked included:

'How does it feel when you don't win in important races?' **Amalia**

'What is the craziest thing that's happened to you when rowing?' **Max K**

'How much food do you need to eat as an athlete?' **Louis**

Thanks again to all 1/2 students who joined us and asked such interesting questions!

Who knows, we might see some Brunswick South Olympians at Brisbane 2032!
