2017 Annual Report to the School Community

School Name: Brunswick South Primary School

School Number: 2743

About Our School

School Context

Brunswick South Primary School's culture is that of a true Learning Community characterised by an environment which fosters mutual cooperation, emotional support, personal growth and collective efficacy. From the moment you walk in the front gate it is highly evident that here is a climate of trust, shared vision and values, plus a passion for the welfare of the students and their learning.

The school prides itself on promoting an unrelenting focus on building safe and respectful relationships and central to all our work is wellbeing. We aim for high quality and low variability in the quality of instruction for every student. This is scaffolded by effective leadership, professional learning, high expectations of all students and teachers and the provision of a safe and secure learning environment.

We actively seek ways to enhance student learning by partnering with families, other education and training institutions and community organisations. To encourage community involvement, our practices encourage openness, welcome new ideas and consider fresh perspectives.

We are welcoming to all, are inclusive and celebrate diversity. Strongly supported by the school and Italian communities is the Italian Bilingual Program. This program has been incrementally introduced across the school and provides instruction in through Italian immersion from Foundation to Year 6. Italian language is delivered in all specialist subjects (Visual Art, Performing Arts and Physical Education), as well as through content in Science, Literacy and Numeracy.

It is anticipated that the school population will continue to grow with 330 enrolments anticipated by 2018. As indicated by the Student Family Occupation (SFO) data, since 2010, the school has maintained its high socio economic status, a trend that is expected to continue over the coming years. In addition to the Acting Principal and Assistant Principal the school has a Full Time Equivalent (FTE) teaching staff of 21.5. This is comprised of 17 classroom teachers and 11 teachers of Italian. In each learning area there is one Education Support staff member and Italian Language Assistants. The Business Manager (EFT 0.6) and an Administration Officer provide finance and administration support.

Our learning spaces include two recently refurbished historic buildings alongside two modern, purpose-built, flexible learning spaces. One of which is a new double story relocatable which was completed at the end of 2016. There is a 'wonderful synergy between the old and the new' supported by a range of interesting outdoor spaces to enhance learning and encourage interaction, play and investigation.

Framework for Improving Student Outcomes (FISO)

In 2017 Brunswick South Primary School had a focus on:

- Building leadership teams
- Building practice excellence

The introduction of a new organisation design allowed the school to develop a focus on building middle level leaders. Four team leaders of each learning area lead their teams in teaching and learning through curriculum planning and assessment.

The New Victorian Curriculum was fully introduced in 2017 and provided a platform for the school to focus on building excellence in teaching and learning. Aligning planning documentation and building a guaranteed and viable curriculum has been the focus of our work as a whole school.

Achievement

Brunswick South Primary School is committed to continuous improvement in the delivery of student focused learning underpinned by effective instructional practice and developed with a particular focus on literacy and numeracy. Using the best practices for enhancing student achievement, we focus on the 'right work' which is founded in evidence based approaches. A quality and relevant curriculum program is implemented and we ensure that academic rigor and quality differentiated programs are provided in every classroom through a continuous cycle of reflection, observation, action and evaluation. Our goal is to provide consistent high quality teaching practice that extends capabilities and grows each individual child.

2017 NAPLAN assessment of Year 3 shows that our students are performing above the state median and in the middle 60% of schools for both Reading. These results are similar to like schools (taking into account student backgrounds). NAPLAN Reading and Numeracy assessments of Year 5 students are in the top 20% of Victorian schools and for Reading, are higher than like schools. This high level of achievement is evident in the four year averages which are also in the top percentiles. NAPLAN Learning Gain from Year 3 - Year 5 results indicates that the school has high percentages of students experiencing medium to high growth, specifically in Numeracy.

Teacher assessments against the Victorian Curriculum indicate that in English and Mathematics students are achieving at the high end of the middle 60% of government schools. These results are similar when compared to

like schools and has improved over time. All students on the Program for Students with a Disability have shown solid progress towards achieving individual learning goals.

The Professional Learning Team and team teaching structures across the school allows us to have a consistent approach with an aim of reduced variability. The school has an ongoing focus on further building the capacity of the teaching team to deliver a systematic, guaranteed and viable curriculum through provision of a targeted and highly effective professional learning program.

Engagement

An important part of our mission is to ensure that every child is fully engaged with their learning and exceeding expectations. We support our students to develop a discriminating and inquiring frame of mind, a love of learning and a desire for knowledge, as well as creativity, courage and critical thinking. Our students are highly motivated to learn and are confident in our program and what it provides them. We continue to focus on the engagement of students in their learning through the use of personalised learning plans which include student directed goal setting for their learning.

We recognise that in addition to parent and community engagement and home background factors, teacher effectiveness has the largest impact on student learning outcomes. Improving the quality of teaching at our school has been a critical factor in moving students to the next level of learning.

The school aims to ensure that all students have a smooth, planned and logical progression through the stages of learning. Teaching team approaches have ensured a holistic focus on both individuals and groups of students and have supported transition of students as they move through the school. In the Foundation Transition Program the focus is on promoting confidence and security for both students and parents as they enter the primary school environment. The program includes both information sessions for parents and opportunities for children to be in a school classroom environment.

The school also provides an effective transition program from Year 6 to Year 7. The focus is on skill building and the familiarisation of students with the differing organisational structures and learning environments of a secondary school. There is an ongoing focus on maintaining and building our strong relationships with our local secondary colleges.

Brunswick South Primary School is committed to developing and maintaining strong and supportive family partnerships through participation in the classroom, community activities and regular information sessions.

Wellbeing

At Brunswick South Primary School we use a strengths based approach to provide a safe and stimulating learning environment that fosters mutual cooperation, emotional support, personal growth and a synergy of effort. We aim to build essential capabilities in every student which include emotional and social intelligence, a strong sense of identity and personal agency, as well as perspective, grit, open-mindedness, prudence and self-control.

Our community puts the child 'at the centre' of everything in order to best address the needs and interests of the whole child and build character strengths that promote success, engagement and wellbeing. Student wellbeing is enhanced through a strong focus on developing student knowledge and skills in interpersonal development and personal learning.

Our safe, supportive and purposeful learning environment encourages and enables students to be socially competent, resilient and lifelong learners. An analysis of the 2017 Student Attitudes to School data initiated some work on improving student connectedness to school and student safety through; focus groups, review of school procedures and policies and was further supported with the completion the focus groups undertaken for the Priority Review at the end of 2017.

Our policies promote clear, transparent and respectful student welfare and management. There is a current focus on building and maintaining caring relationships and a strong culture of trust and support through embedding Character Strengths into every aspect of the curriculum.

For more detailed information regarding our school please visit our website at www.brunswicksouthps.vic.edu.au

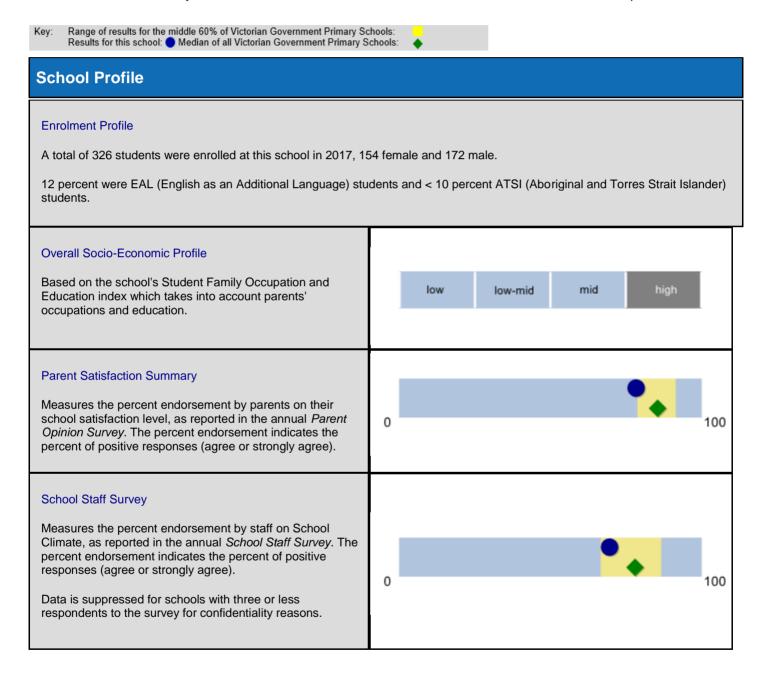

The Government School Performance Summary provides an overview of how this school is contributing to the objectives of the Education State and how it compares to other Victorian Government schools.

All schools work in partnership with their school community to improve outcomes for children and young people. Sharing this information with parents and the wider school community helps to support community engagement in student learning, a key priority of the Framework for Improving Student Outcomes.

Members of the community can contact the school for an accessible version of these data tables if required.

Achievement	Student Outcomes	School Comparison
Teacher Judgement of student achievement Percentage of students in Years Prep to 6 working at or above age expected standards in: • English • Mathematics For further details refer to How to read the Annual Report.	Results: English Results: Mathematics	

Achievement	Student Outcomes	School Comparison
NAPLAN Year 3 The percentage of students in the top 3 bands of testing in NAPLAN at Year 3. Year 3 assessments are reported on a scale from Bands 1 - 6.	Results: Reading	Lower
	Results: Reading (4-year average)	Lower
	Results: Numeracy	Lower
	Results: Numeracy (4-year average)	Lower
NAPLAN Year 5 The percentage of students in the top 3 bands of testing in NAPLAN at Year 5.	Results: Reading	Higher
Year 5 assessments are reported on a scale from Bands 3 - 8.	Results: Reading (4-year average)	Higher
	Results: Numeracy	Similar
	Results: Numeracy (4-year average)	Similar

Achievement	Student Outcomes	School Comparison
NAPLAN Learning Gain Year 3 - Year 5 Learning gain of students from Year 3 to Year 5 in the following domains: Reading, Numeracy, Writing, Spelling and Grammar and Punctuation. NAPLAN learning gain is determined by comparing a student's current year result to the results of all 'similar' Victorian students (i.e. students in all sectors in the same year level who had the same score two years prior). If the current year result is in the Top 25 percent, their gain level is categorised as 'High'. Middle 50 percent, is 'Medium'. Bottom 25 percent, is 'Low'.	Reading	NAPLAN Learning Gain does not require a School Comparison.

Engagement	Student Outcomes	School Comparison
Average Number of Student Absence Days Average days absent per full time equivalent (FTE) student per year. Common reasons for non-attendance include illness and extended family holidays. Absence from school can impact on students' learning School Comparison A school comparison rating of 'Higher' indicates this school records 'less' absences than expected, given the background characteristics of students. A rating of 'Lower' indicates this school records 'more' absences than expected.	Few absences <> Many absences Results: 2014 - 2017 (4-year average) Few absences <> Many absences	Lower
Average 2017 attendance rate by year level:	Prep Yr1 Yr2 Yr3 Yr4 Yr5 Yr6	
	91 % 89 % 90 % 89 % 88 % 89 % 88 %	

Wellbeing	Student Outcomes	School Comparison
Students Attitudes to School - Sense of Connectedness Measures the percent endorsement on Sense of Connectedness factor, as reported in the Attitudes to School Survey completed annually by Victorian Government school students in Years 4 to 12. The percent endorsement indicates the percent of positive responses (agree or strongly agree).	Results: 2017	Lower
Students Attitudes to School - Management of Bullying Measures the percent endorsement on Management of Bullying factor, as reported in the Attitudes to School Survey completed annually by Victorian Government school students in Years 4 to 12. The percent endorsement indicates the percent of positive responses (agree or strongly agree).	Results: 2017	Lower

How to read the Annual Report

What does the About Our School section refer to?

The About Our School page provides a brief background on the school, an outline of the school's performance over the year and plans for the future.

The 'School Context' describes the school's vision, values and purpose. Details include the school's geographic location, size and structure, social characteristics, enrolment characteristics and special programs.

The 'Framework for Improving Student Outcomes (FISO)' section includes the improvement initiatives the school has selected and the progress they have made towards achieving them.

What does the *Performance Summary* section of this report refer to?

The Performance Summary reports on data in three key areas:

Achievement

- student achievements in:
 - English and Mathematics for National Literacy and Numeracy tests (NAPLAN)
 - English and Mathematics for teacher judgements against the curriculum
 - all subjects for Victorian Certificate of Education (VCE) examinations (secondary schools)

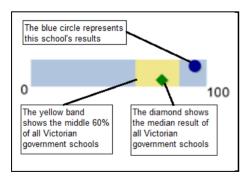

Engagement

- student attendance and engagement at school
 - how many students leaving school go on to further studies or full-time work (secondary, P-12 and specialist schools)

Wellbeing

- Attitudes to School Survey (ATOSS)
 - Sense of connectedness
 - Management of Bullying

Results are displayed for the latest year, as well as the average of the last four years (where available).

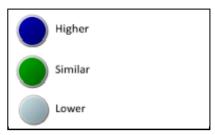

What does School Comparison refer to?

The School Comparison is a way of comparing this school's performance to similar schools in Victoria.

The comparison measure takes into account the school's academic intake, the socio-economic background of students, the number of Aboriginal students, the number of non-English speaking and refugee students, the number of students with a disability and the size and location of the school.

The School Comparison shows that most schools are achieving results that are 'Similar' to other schools with alike student backgrounds and characteristics. Some schools are doing exceptionally well and have 'Higher' performance. Some schools have 'Lower' performance than expected and receive targeted support to ensure that there is improvement.

More information on School Comparison performance measures can be found at:

http://www.education.vic.gov.au/school/parents/involve/Pages/performance.aspx

What does 'Data not available' mean?

Some schools have too few students enrolled to provide data. There may be no students enrolled in some year levels so school comparisons are not possible.

New schools have only the latest year of data and no comparative data from previous years.

The Department also recognises unique circumstances in Specialist, Select Entry, English Language and Community Schools where school-to-school comparisons are not appropriate.

What is the Victorian Curriculum?

The Victorian Curriculum F–10 sets out what every student should learn during their first 11 years of schooling. The curriculum is the common set of knowledge and skills required by students for life-long learning, social development and active and informed citizenship.

The curriculum has been developed to ensure that school subjects and their achievement standards enable continuous learning for all students, including students with disabilities.

The 'Towards Foundation Level Victorian Curriculum' is integrated directly into the curriculum and is referred to as 'Levels A to D'.

'Levels A to D' may be used for students with a disability or students who may have additional learning needs.

'Levels A to D' are not associated with any set age or year level that links chronological age to cognitive progress (i.e. there is no age expected standard of achievement for 'Levels A to D').

Financial Performance and Position

Financial performance and position commentary

The school maximises all available financial, human and physical resources to have the greatest impact on student learning. The school runs a planned deficit with staffing, offset against growing enrolments in order to ensure all available opportunities are available for individual success. The school has had an Out of School Hours Care program in place which also accounted for part of the deficit.

The school aims to reduce this deficit as enrolments plateau has a plan over three years to repay this.

Financial Performance - Operating Statem Summary for the year ending 31 December		Financial Position as at 31 December, 2017	
Revenue	Actual	Funds Available	Actual
Student Resource Package	\$2,094,146	High Yield Investment Account	\$145,125
Government Provided DET Grants	\$571,192	Official Account	\$51,404
Government Grants Commonwealth	\$64,970	Other Accounts	\$21,987
Revenue Other	\$12,451	Total Funds Available	\$218,515
Locally Raised Funds	\$491,291		
Total Operating Revenue	\$3,234,050		
Equity ¹			
Equity (Social Disadvantage)	\$10,465		
Equity Total	\$10,465		
Expenditure		Financial Commitments	
Student Resource Package ²	\$2,595,323	Operating Reserve	\$10,000
Books & Publications	\$1,002	Beneficiary/Memorial Accounts	\$22,670
Communication Costs	\$9,898	Revenue Receipted in Advance	\$76,237
Consumables	\$77,031	School Based Programs	\$34,785
Miscellaneous Expense ³	\$381,628	Provision Accounts	\$223
Professional Development	\$27,853	Repayable to DET	\$52,533
Property and Equipment Services	\$198,482	Other recurrent expenditure	\$13,526
Salaries & Allowances⁴	\$159,155	Capital - Buildings/Grounds incl SMS>12 months	\$8,542
Trading & Fundraising	\$48,387	Total Financial Commitments	\$218,515
Travel & Subsistence	\$711		
Utilities	\$17,221		
Total Operating Expenditure	\$3,516,692		
Net Operating Surplus/-Deficit	(\$282,642)		

- (1) The Equity funding reported above is a subset of overall revenue reported by the school
- (2) Student Resource Package Expenditure figures are as of 05 March 2018 and are subject to change during the reconciliation process.

\$7,892

- (3) Misc Expenses may include bank charges, health and personal development, administration charges, camp/excursion costs and taxation charges.
- (4) Salaries and Allowances refers to school-level payroll.

Asset Acquisitions

All funds received from the Department, or raised by the school, have been expended, or committed to subsequent years, to support the achievement of educational outcomes and other operational needs of the school, consistent with Department policies, School Council approvals and the intent/purposes for which funding was provided or raised.
