

# BSPS SCHOOL COUNCIL REPORT

On Tuesday night, our School Council convened with another packed agenda.

First up was an overview of the School Budget process and this year's budget for our new councilors.

Council also endorsed the BSPS Strategic Plan, a key document that outlines our strategy over the next 4 years. Thank you to those members of the school community who gave feedback on our draft, and thank you in particular to Petra Stock for drafting a one-page summary. You can find the full Strategic Plan document and the summary on our website.

Following the 4 year Strategic Plan, the Council discussed a draft of the more detailed annual Implementation Plan. Council also agreed to organize a parent session later in the year to share the details of the Strategic Plan, how it relates to the Implementation Plan and provide the opportunity to ask questions.

Finally our sub-committees reported on their progress, including preparation for Winter Solstice and plans for 2 new trees for the planter boxes in the Foundation/Year 1&2 quadrangle.
