## SCHOOL COUNCIL REPORT

School Council met on Tuesday July 31 with a very full agenda!

The Council endorsed the school's Strategic Plan for the period covering 2018 and 2021, as well as the Annual Implementation plan for the coming year. If you're interested in learning more, the upcoming parent seminar is a great opportunity to hear what's ahead. Council also endorsed the upcoming Italian camp.

The Community & Fundraising committee reflected on the success of June's Winter Solstice and shared plans for Term 3 including the Trivia Night and Father's Day preparations. We also agreed a new budgeting approach that will increase the transparency of how we spend the funds that we raise. A first example is the new basketball ring being installed this week!

The Buildings and Ground Committee shared the great work they're doing on a Masterplan to best use the space that we have, and potentially increase our use of the adjacent parkland, as the school grows.

And finally, following our recent visit from Minister Merlino, we finalized a follow-up letter to him outlining some additional funding requirements that help the school in years to come.

## A BACK TO SCHOOL WORKING BEE

A working bee will be held on Sunday 5th of August between 10am and 1pm.

This will involve a range of lovely outdoor activities including mulching, cleaning and some minor reconfiguration works in the playground.

If parents could indicate interest a week in advance this will assist us in confirming the extent of what we can achieve.

Please contact the school via email to register interest and availability.
